CHILDREN'S ACTIVITIES

Scheduled Events

REPCO Wildlife Michigan's premier wildlife and reptile show promotes Research, Education, Propagation, Conservation and Outreach (REPCO) and a chance for children to learn and interact with the animals during this Reptile Adventure.

Appleseed Camp Corn & Straw Lesson: Learn about the different types of corn grown on farms and the many ways corn is used—from food to livestock feed! Kids will also discover the difference between straw and hay and their role on the farm. Everyone gets to take home their own mini bundle of corn kernels and straw from Blake's! Green Bean Planting: Dig into the basics of planting and why green beans are so special to farm! Chicks & Bunnies: Get up close with some of Blake's cutest farm animals. This hands-on experience lets kids meet, pet, and learn about our furry friends, chicks and bunnies. A fun introduction to animal care and farm life.

Bugs on Wheels Nadia, the bug lady, will share her passion with both children and adults so that they can better understand and appreciate how amazing, important, and not-so-scary these creatures really are.

All Day Offerings

Lavender Playdough & Bubbles: Stop by and take home a free sample!

Lavender Coloring Pages: Post your artwork on socials and tag @blakefarms to show off your coloring skills!

Glitter Tattoos : Visit our Children's Tent near Funland for FREE glitter tattoos!

Funland: FREE access all day everyday!

ACTIVITIES SCHEDULE

Children's activities are located *in front of Funland Admissions*.
